

## TAKING TRANSIT IN TOOELE

Tooele is a small community located approximately 40 minutes outside of Salt Lake City, on the western side of the Oquirrh Mountains. Because of its close proximity, many Tooele residents regularly commute to Salt Lake for work or leisure activities. As a result, the Utah Transit Authority (UTA) has various resources available to make traveling between the two cities convenient.

### Bus Service

To meet the transportation needs of residents, UTA has several bus and express bus routes between Salt Lake City and Tooele. The routes, geared mostly towards commuters, run in the mornings and evenings. Depending on the destination, the trips take anywhere from an hour to an hour and a half. Many passengers enjoy the fact that they can relax or multitask while completing their trip.

### Cost of Commuting

Commuting by way of a regular UTA bus costs approximately \$4 per day. Express buses, which take a half hour less, cost slightly more. The following ticket options are available:

- **One-Way Ticket**

\$2 - One transfer to another bus or TRAX is included in the fare

- **All-Day Pass**

\$5 - For trips beginning on a bus, day passes must be pre-purchased at select UTA pass sales outlets—this day pass can also be used on TRAX

- **Monthly Pass**

\$67 - For regular bus only  
\$162 - For express bus, regular bus, TRAX and FrontRunner commuter rail

- **Seniors, Families and Disabled Riders**

Contact UTA for special pricing and additional fare options

## A Guide to Riding

UTA has tried to make riding buses and TRAX trains as easy as possible. To get started:

1. Call the UTA hotline 1-888-743-3882 and tell them where you want to go. An operator will tell you which bus and TRAX trains to take.

3. Ask for a "transfer ticket" and you can switch buses or ride TRAX for up to two hours on the same ticket.

2. Pay when you get on the bus. If you board within the downtown Salt Lake Free Ride Zone, pay when you get off. Correct change is required.

4. Sit back. Relax. Enjoy the ride. When you want to get off, pull the cord above the window to signal the driver.
